

Product	Kemppi MinarcTig 180 Pulse MLP SMAW/GTAW Welder		
Description	MinarcTig is the marvel of the welding market. Small but powerful machine suitable for both indoor and outdoor use and for both alloyed and unalloyed metals. You can use them to weld both demanding root passes and filler passes requiring high efficiency. The steady arc, speed and user-friendly operation improve productivity in welding. The Kemppi MinarcTig 180 Pulse can be used for tasks that demand great accuracy, while MMA offers the possibility to weld thick and demanding joints efficiently. The MinarcTig 180 Pulse is quick and easy to use, portable yet durable and is generator compatible.		
Product Code	1025142 - 6128180	Country of Origin	Finland

**2 Year Warranty**

**Ultra Light Weight**

**230V 50-60Hz  
5-180 Amp**

**Made in Europe**

Kemppi, the joy of welding!

#### General Specifications

Input Power	230V - 16A (+/- 15%)	Output Range	5-180 Amp
Rated Output (16A plug)	180A@35%	Welding Position Adjustment	Infinite Control

#### Welding Cables

Input Cable	180TTC4 17.8ft with 16A plug	Mig Gun	200A MMG20 Euro Style
Ground Cable	Gauge 5 - 16.4ft	Tig Gun	MTG20 Euro Style

#### Other Specifications

Clear parameter display, pre-post gas timer, slope in/out timer, pulse welding option, remote control

#### Welding Parameters

Model Type	GMAW/FCAW Portable Welder with Wire Feeder				
Input	1 phase	230V +/-15%	50-60Hz	16A	CSA Rated Output
Rated Output	20A-180A				
Amperage (GTAW)	180A	140A	120A	100A	140A
Voltage	17V	16V	15V	14V	15.9V
Duty Cycle	35%	50%	100%	100%	50%

#### Dimension & Weight

Unit Dimensions (L-W-H, inches)	15.7	7.1	13.4	Net Weight	17lb
Box Dimensions (L-W-H, inches)	16.5	8.4	14.5	Gross Weight	19lb
